

⋮ Stakeholder Identification Activity: *Steps 1-3*

Instructions:

1. **Direct Inputs** - Think about any teams or people who have direct inputs to this program and list them.
2. **Indirect Inputs** - Think about those who have an indirect input to the program and list them.
3. **Outputs** - What outputs can you assume to come from your direct and indirect inputs ?

Stakeholder Identification Activity:

Step 4 – Identifying your Direct and Indirect Impacts

Instructions:

1. Direct Impacts – List out any direct impacts to the project, this can be departments, vendors, stakeholders or team members
2. Indirect Impacts – List your indirect impacts (Those indirectly impacts by the programs end goal)

Direct Impacts	Indirect Impacts
